“ a Holistic Approach ”

Johann started his career in Allied Health Services in 1976 as a Radiographer in South Africa. He underwent his Chiropractic and Acupuncture training in New Zealand and obtained his Masters Degree in Acupuncture at the RMIT University in Melbourne. In addition hereto he acquired Osteopathic and Massage skills. He also has a BA degree in Psychology.

Johann combines Acupuncture and the scientific healing art of Chiropractic. This winning combination is vital in keeping the body functioning at its best possible level as it removes nerve interference and re-establishes nerve flow throughout the body. His safe and gentle techniques ensures health wellness and quality of life.

Lucia qualified as a nurse in 1983 and has more than 30 years nursing experience.

She expanded her knowledge through studying Natural Medicines and obtained her Masters Degree in Acupuncture at the RMIT University in Melbourne in 2006.

Since then she has been practicing Acupuncture, working primarily with conditions such as Feet and Ankle pain (foot joint mobilization), Facial paralyses/pain (neuralgia), Stress and Hormonal issues, Pre-and-Post Natal (pregnancy) care, Infertility support and Cosmetic facial acupuncture.

Lucia also provides Therapeutic and Pregnancy Massages.

Radiology / X-Ray:

The Boyne Tannum Chiropractic and Acupuncture Centre is fortunate in that specialist Radiology and X-Ray services are provided in the center.

The Centre functions with sophisticated, state-of-the-art digital X-Ray equipment allowing for the immediate printing of films or burned CDs required by referral doctors.

Four Steps are followed during your treatment:

Step 1: Conduct a thorough examination to discover the possible cause(s) of your discomfort/condition.

Step 2: Provide diagnostic images, that are necessary to support examination, on site.

Step 3: Explain findings and conclusions.

Step 4: Recommend treatment options and commence with the healing process.
